WINDSCREEN BAR

Serves as a protective shield against branches and other obstacles encountered during off-roading adventures.
Enhances safety, functionality and style

ROOF CARRIER

Designed to accommodate extra luggage and camping gear for long distance expeditions. Constructed with durability and to securely carry and transport luggage and Adventure Gears

ROOF RAIL

Sleek and functional accessory which adorns the roof, designed to compliment the rugged yet refined aesthetics of Gurkha and elevates the visual appeal

SIDE BLINKER GRILL

Safeguards the side indicators and acts as a protective barrier from damages caused by impacts and minor collisions during off-road adventures

HEAD LAMP GRILL

Shields the front end Headlamp components from tree branches. Enhances the overall aesthetics and provides protection

FENDER LAMP GRILL

Provides an extra layer of protection against impacts and off-road obstacles. Ensures longevity and functionality

REAR LADDER

Facilitates easy access to the roof for loading luggage and camping gears onto roof racks. In addition to practical utility adds a rugged elegance to the exterior

TAIL LAMP GRILL

Protects from obstacles encountered while tackling off-road trails or urban driving. Acts as a sturdy barrier and ensures long lasting protection

REAR CHILD SEATS

Designed specifically to provide additional comfortable seating
